Admissions & SEN

Due to limited resources, we do not provide specialist education needs (SEN). Admissions are based on a student's ability to access a structured mainstream academic programme independently within a group learning environment.

1. World Class Learning Standards

Our independently verified data shows students make an average of 1.5 grade levels of progress per year in English and Maths — a standard we have consistently achieved since 2021

2. Accessing School Documents

Skyhawk Academy operates a paperless, cloud-based system. Most documents are stored in Google Docs and Google Sheets to ensure they're always up-to-date and accessible from anywhere.

One-Time Setup (Takes 5 Minutes)

1. **Step 1 — Install Google Chrome Browser:** Download from google.com/chrome — available for Windows, Mac, iOS, and Android. Free and recommended for best compatibility.
2. **Step 2 — Install Google Docs & Sheets Apps:** Mobile: search 'Google Docs' and 'Google Sheets' in the App Store or Play Store (both free). Desktop: access through Chrome or download from google.com/docs/about
3. **Step 3 — Open Documents Properly:** Launch the Google Docs or Sheets app first, then click the document links. Documents will open in the correct app automatically.

 **Common Issue:** If a link doesn't work, it's usually because the Google apps aren't installed, you're using an outdated browser, or the app isn't open before clicking.

3. Key Documents & Resources

Make sure you've completed the setup steps above before clicking these links.

4. Enrollment Process

Pathway 1: Applying from Abroad

If you are applying from outside Bali, you may be exempted from the Consultation Visit and Trial Day. You can pre-book your Trial Month directly.

Contact the Admissions Team to access the Remote Application Pathway:
admissions@skyhawkacademy.info

Pathway 2: Currently in Bali

1. Read Required Documents (NDA and Admission Policy)
2. Book a Consultation Visit with the Head of Academy for a tour and discussion
3. Attend a Trial Day after the consultation visit
4. Complete Enrolment based on the trial day experience

Important: A Consultation Visit is NOT the same as a Trial Day. Do not skip the Consultation Visit unless you are on the Remote Pathway, as meeting the Head of Academy benefits your student's application.

5. Trial Period Explained

Trial Day A single day where your child experiences classes, meets teachers and peers.	Trial Month 15 active academy days (based on average active days per month in a year) to fully integrate and evaluate fit.
--	--

Key Points

- Trial periods are mutual evaluations — for both school and family
 - Performance, behaviour, and cultural fit are assessed
 - Most but not all families proceed to full enrolment after trials
 - This selective process maintains the quality of our learning community
-

6. Fee Structure

Our detailed ratecard with exact fees, payment schedules, and breakdowns is maintained in Google Sheets to ensure accuracy and real-time updates.

9. Accreditation

Skyhawk Academy operates as a legally registered education provider in Indonesia, holding a valid NIB (Business Identification Number) under the national OSS system.

As a learning centre, Skyhawk operates within the non-formal education sector and is registered under the relevant local education authority (Dinas Pendidikan). We are not a formally accredited national school (SD/SMP/SMA) and do not claim statutory school status.

All student progress is monitored through internal assessment tracking and standards-referenced diagnostic tools.

10. IGCSE Qualifications

IGCSE exam qualifications are the gold standard of high-school qualifications and are recognised by Indonesian and international universities worldwide.

11. Visa Options for Families Moving to Bali

Relocating to Bali is an exciting step. Choosing the right visa is essential to ensure stability, continuity, and a smooth academy experience.

<p>✓ Student Visa (C316 → Student KITAS)</p> <ul style="list-style-type: none">• Available through Skyhawk Academy sponsorship• Issued as a C316 entry visa, converted to a Student KITAS• Provides legal residency aligned with academy attendance• Designed for families committing to education in Indonesia <p><i>Visa Sponsorship available after enrolment and successful completion of the Trial Month.</i></p>	<p>Recommended Entry Route</p> <p>Social & Cultural Visa (B211-type)</p> <ul style="list-style-type: none">• Valid up to ~180 days (with extensions)• Suitable for: initial relocation, trial period, settling in Bali• Restriction: No employment or paid activity permitted <p><i>Recommended initial visa before transitioning to a Student KITAS.</i></p>

⚠ **Important:** Indonesian visa regulations change frequently. This guide is general guidance only (not legal advice). Families must arrange visas through a licensed immigration agent — which we can refer you to.

We recommend that you do not rely on Tourist Visas — they are short-term and do not provide the stability required for academy attendance.
